

Essential Shipping Policy

This Policy was last reviewed and updated on: 29 September 2023

I will omit the soul crushing legal jargon here.

From me, it's just a simple guarantee that your artwork will be delivered to you with no hassles almost anywhere around the world and that if the worst does happen then you will be financially compensated. *

All artwork is packaged professionally with the utmost care so that your prized piece will arrive to you in mint condition no matter how far the destination.

To achieve this, we have teamed up with [Pack and Send](#) to guarantee the highest quality delivery experience, with B2B and residential address drop off for your masterpiece.

The exact shipping price will be calculated at checkout depending on the size, weight, and your location. But to give you an idea of the cost of shipping, we have been given permission to disclose the following guide:

Domestic (Australia)

Artwork dimensions	Weight (kg) P- plexiglass C-canvas	Shipping price (AUD) Incl. packaging, shipping and insurance.
60 x 60cm	P - 2-3kg C - 1.5-2kg	Flat rate \$100
120 x 120cm	P - 9kg / C - 7kg	Residential delivery \$345 B2B delivery \$335

International

Artwork Dimensions	Average Weight (kg)	Shipping price (AUD) Incl. packaging, shipping and insurance	
60 x 60cm	3	America	\$285
		Asia	\$265
		UK & Europe	\$320
120 x 120cm	8	America	\$1165
		Asia	\$995
		UK & Europe	\$1265

Of course, if you prefer your own carrier then that can also be arranged at your request.

If you live within the bounds of CBR city metro (Australia), you also have the option of collecting your piece from my studio and I will cover the cost of installing your piece in the price.

Additional fees and charges, taxes etc in your country will be covered by the buyer.

All art will come with genuine Certificate of Authenticity and installation instructions (both drywall and brick/concrete).

If you have any questions about shipping contact me at any time.

Happy shopping.

*Insurance or warranty has been included in the postage at checkout.
